

Accessories & Attachments

for Medical Supply Units
(Pendants & Bed Head Panels)

Accessories

NIST (Non Interchangeable Screw Threads) connectors

- Mounting safety
- Oxygen cleaned Copper pipe
- Precision machine threaded Brass coupling
- Flare at the end of Copper Tail pipe for ease of fitting, alignment and brazing
- Different gas services and sizes available
- Components are laser marked for easy identification
- Customized design on request

Used in • Hospital pendants
• Panels • MRI line breaks
• Application requiring indexed Line connections

Technical Information

Conforms to	IS / ISO 18082 : 2014 + A1 : 2017, IS / ISO 7396-1 : 2016 + A1 : 2017
NIST Body	Precision machined brass coupling with check valve
Tail Pipe - 150 mm	'K' grade Copper- Flared to accept 15 mm OD
End connection	System end: Flared to accept 15 mm drop pipe
	Device end : Barbed hose connector
Identification	Laser marked for gas service on each component

Ordering Information

Oxygen NIST Connector 15 mm OD	6112100
Nitrous oxide NIST Connector 15 mm OD	6112400
Medical Air (AIR 4) NIST Connector 15 mm OD	6112300
Surgical Air (AIR 7) NIST Connector 15 mm OD	6112500
Vacuum NIST Connector 15 mm OD	6112200
AGSS / WAGD NIST Connector 15 mm OD	6112700
Carbon Di-oxide NIST Connector 15 mm OD	6112600

Note : Contact for requirement of other sizes

NIST Screw connectors with Check Valve, Nut and Nipple Barb

(Conforms to IS / ISO 18082 : 2014 + A1 : 2017)

- Mounting Safety
- Oxygen cleaned Copper Pipe
- Precision machine threaded brass coupling
- Different gas services & sizes available
- Components are laser marked for easy identification
- Customized design on request

NIST Connectors

Ordering Information

Oxygen	N ₂ O	AIR	4	AIR	7	Vacuum	AGSS	CO ₂

Note: Option to customize NIST Connectors & Nipple ends are available

Device Attachments

Medical Rail : Wall mount rail with clamps

Length	Ordering Code
900 mm	635J600
1200 mm	635J400
1500 mm	635J500
1800 mm	635J700

Pendant mount rail with clamps

Length	Ordering Code
320 mm	635J100
650 mm	635J200

Wall Mount Attachments : Monitor shelf with 300 mm channel & 265mm swivel arm with 15° Angular shelf adjustment

Ordering Code : 635C100

Syringe Pump cum telescopic IV Pole with arm & 45° angular clamps

Ordering Code : 635D200

Rail mount attachments (compatible to specific medical rail profile)

Syringe Pump cum SS Telescopic IV Pole with 45° angular clamps for Utility Console mounting

Ordering Code
635D100

SS Telescopic Drip Pole with fixed clamp & 120 mm swivel aluminium arm for Rail mount

Ordering Code
635H100

QCC Compatible Autoclavable Semi-transparent Polycarbonate Basket: Size - 260 × 130 × 70 mm

Ordering Code
635F100

Wire basket with rail mounting clamp : Size - 300 × 200 × 140 mm

Ordering Code
635F200

Rail mount attachments (compatible to specific medical rail profile) contd...

QCC compatible reading / examination LED light

Ordering Code : 635E100

Self locking Quick Claw Clamp (QCC) for rail mounting

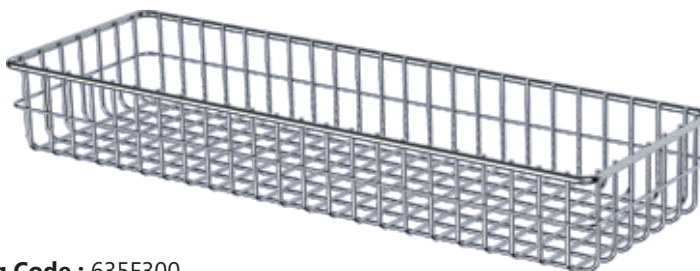

Ordering Code : 635B100

Mounting Block for secondary devices in conjunction with Quick Claw Clamp (QCC)

Ordering Code : 635G100

SS Wire basket with rail mounting bracket : Size - 650 × 175 × 100 mm

Ordering Code : 635F300

Tray Size : 325 x 270 mm with fixed clamp for direct mounting on rail

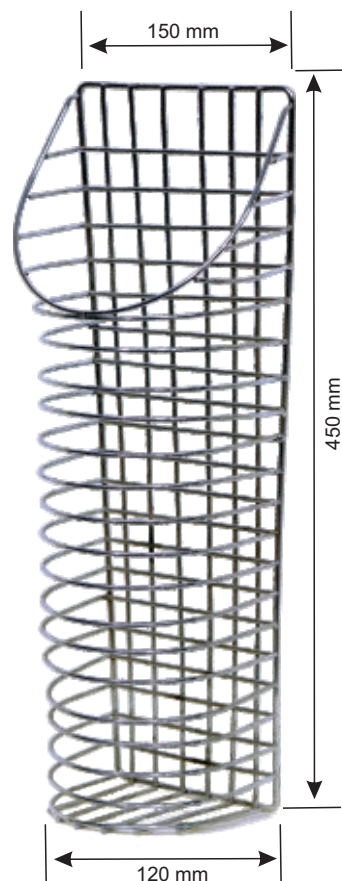

Ordering Code : 635I100

Autoclavable Semi-transparent Polycarbonate Catheter Jar Ø90mm x 250 mm 'U' shaped bottom

Ordering Code : 635K100

SS Wire Catheter basket

Ordering Code : 635KF200
